

STAMPING OUT REBELLION.

KITCHENER'S CAMPAIGN IN WESTERN CAPE COLONY SUCCESSFUL.

Surrender of Free Staters Continuous—Steyn's Attempt to Rally a Force at Kromaat Failed to Have Filled—One Making Relief Force Reported Checked at Lobatse.

Special Cable Telegrams to The Sun.
LONDON, March 20.—The War Office today received two despatches from Gen. Roberts, both being dated Bloemfontein, March 20, the important parts of which follow:

"Kitchener occupied Tlokoa yesterday without resistance. The rebels are laying down their arms. Transvaalers are escaping across the river. We have taken thirty-three prisoners, 200 stands of arms and some supplies. The Boers on the Basuto-Lobatse border have begun to surrender.

"Steyn is circulating by despatch riders in reply to my proclamation a notice to the effect that any burgher who signs a declaration not to fight will be treated as a traitor and as forfeiting his property. The people of Bloemfontein are affording every assistance in the matter of hospital accommodation. We are consequently able to arrange 500 beds."

"Gen. Roberts seems to be aiming at the pacification of the region behind him before further advancing. The Morning Post's correspondent writes from Bloemfontein that the Free State Boers are surrendering their arms there as fast as they can be registered. He adds that President Steyn's attempt to rally the burghers at Kromaat is reported to be a complete failure. There is the bitterest feeling against the President in Bloemfontein, because he did not see to it that the town was not captured. Gen. Roberts' efforts to pacify the town if it surrendered.

"The only news in reference to Mankies comes from Pretoria under date of March 15. It announces that Col. Pumer is unable to advance south of Lobatse. It is also announced from the same source that the Mankies are Christians, a claim on the Vaal River about thirty miles northeast of Warrenton.

"A despatch to the Morning Post from Norvalia, dated March 19, says that a low level railway is being constructed under the broken bridge there, and that supplies are being pushed forward. Col. Mankies is reported to be marching by way of Philippolis and Fauresburg to Bloemfontein.

"Another despatch from Norvalia Port reports the capture of Commandant Grobelaar. He was discovered working in a farmhouse in the neighborhood of Donkerspoort.

"A British force moved toward Philippolis last Saturday and found white flags flying on the farmhouses. The women all protested that their husbands were not fighting. They readily said provisions to the British.

"Four hundred of Gen. Brabant's Colonial Brigade left Allwal North on Monday for Rouxville and more will follow.

KRUGER IS DETERMINED.

Tells a Deputation of Burgers That the War Will Be Fought Out.

Special Cable Telegrams to The Sun.

LONDON, March 21.—A despatch to the Daily News from Pretoria, dated March 15, says that a deputation of burghers waited on President Kruger to inquire regarding the situation. They received a reassuring reply. The President said the Government intended to see the war through determinedly and that a council of war by the nation's leaders would be held shortly.

"The correspondent of the Daily News at Bloemfontein says he learns from a person who was recently in Johannesburg that the Transvaal Government is working the Ferrier, Bonanza, Robinson, Pioneer, Rose, Village, Landhaag and Robinson deep mines. The British and German companies are kept out with the aid of the Government.

"Special police are acting as caretakers of these mines, and only the machinery is suffering from want of use. The report that the batteries had been undermined with dynamite is untrue. The alleged forcing of the sale deposit for documents is also untrue. Those stories were fabricated to arouse sympathy.

BOERS DENY TREACHERY.

And, in Reply to Gen. Roberts, Make Accusations Against the British.

Special Cable Telegrams to The Sun.

LONDON, March 20.—The War Office has received the following despatch from Lord Roberts:

"BLOEMFONTEIN, March 19.—I have received the following in reply to my telegram of March 11, to the Presidents of the Orange Free State and the South African Republic:

"Your Excellency's telegram despatched at 9:45 P. M., reached me yesterday. I assure you that nothing would give me more than that my burghers should make themselves guilty of a deed such as is laid to their charge by you.

"I am, however, glad to say that you must have made a mistake. I have made personal inquiry of Gen. Delarey, who commanded the burghers at the place mentioned by you. He denies entirely that our burghers acted as you state, but says that on Saturday the British troops when about fifty yards from our position fired their hands as if with a view to flight. At the same time our cannon bombarded our troops as well, with the result that Commandant De Beer was wounded.

"Yesterday morning at 8 o'clock the head commandant wrote in his account of the battle as follows:

"Our soldiers hoisted the white flag, but were then fired at by the English cannon and compelled to charge."

"Perhaps it is not known to your Excellency that the same thing happened at Spion Kop, where, when a portion of the troops hoisted the white flag and put up their hands and while the burghers were busy disarming them, another portion of the troops fired at them and on the troops that had surrendered. In consequence thereof not only burghers, but some British were killed.

"It has also been reported that in the last battle of the Tugela English cannon fired on troops who had surrendered.

"In reference to the explosive bullets fired in Gen. Cronje's laager and elsewhere I can give your Excellency assurance that such bullets were not purchased or allowed by the Government. I have no reason to doubt your statement, as I know that many burghers of this State and the South African Republic took a large number of Lee-Netford rifles and dum-dum and other bullets from British troops.

"May I request your Excellency, as the cable despatched to me, to make my reply known to your Government and to the news papers by cable."

"As an inquiry into that matter goes that the Honorable's allegation is unfounded and as I personally saw the holding up of hands which he denies I have not thought it desirable to continue the correspondence.

PROCLAMATION ON JOHANNESBURG.

Threats to Destroy the Town.

Special Cable Telegrams to The Sun.

LONDON, March 20.—In the House of Commons today Mr. George Wyndham, Parliamentary Secretary of the War Office, said that Colonel Secretary Chamberlain intends to issue a proclamation threatening the destruction of Johannesburg by the Boers.

"The Times says that in accordance with precedent Mr. Chamberlain's proclamation regarding the threatened destruction of Johannesburg will not be published here until it is promulgated in South Africa. It is understood, however, that the Government intend to advise to the Boers an intimation that any wanton destruction of British property during the war will be regarded as warranting a claim for compensation, and justifying a levy upon private property the resources of the Transvaal Republic prove inadequate to meet the claim.

Special Cable Telegrams to The Sun.

The admiral was seated on the steamer, a guest of the city, but the pouring rain at 11:30 o'clock permitted the trip down the river. THEY NEVER FORGAVE HIM.

STORY OF AN AGED JEW WHO TESTIFIED AGAINST ONE OF HIS RACE.

Special Cable Telegrams to The Sun.

PEDLER KRAMER, Who Was a Witness at the Trial of Pesach N. Rubenstein for the Murder of Sara Alexander Twenty-five Years Ago, Since a Wanderer on the Earth and an Aged Jew, Ill and so Exhausted that he scarcely could walk, was today lying on a stoop in Moore street, near Grand avenue, Williamsburg, yesterday morning, by Solomon Knaust of the Starg street station. When the old man had been taken to the station and somewhat revived, he said he was Moses Krammer, once called Solomon Krammer, and that for nearly a quarter of a century he had been ostracized and persecuted by the people of his race because he had once given testimony against a Jew in a murder trial.

"It was the time Sara Alexander was killed by Pesach Rubenstein," said Krammer. "I was slightly acquainted with Rubenstein, and on the day of the murder I saw him with the woman on a car going in the direction of East New York, where her body was afterward found in a cornfield. I was one of the principal witnesses against Rubenstein and after he was condemned to hang he was taken to Sing Sing prison. He began to beg for mercy, and I was ostracized and I lost all my friends. He refused to follow me all over the country. He refused to follow me all over the country. He refused to follow me all over the country.

"The police had the old man on a charge of vagrancy, and later in the East street police station he was taken to the Flatbush Almshouse. CARNegie AND FRICK.

A Conference for a Settlement Held and a Report of an Agreement.

Special Cable Telegrams to The Sun.

PHILADELPHIA, Pa., March 20.—A conference between the warring factions in the Carnegie Steel Company was held today at Atlantic City. The stockholders who participated are Andrew Carnegie, Henry Phipps Jr., F. T. F. Lovejoy, D. M. Clemson, James Gayley and President Charles M. Schwab. It is understood that no lawyers were present, and it is known that the men named are trying to reach an amicable settlement of the differences between them. Phipps and Lovejoy are acting for H. C. Frick, who recently brought suit against the Carnegie Steel Company, as well as for themselves.

"It seems the better to make no attempt to bring Mr. Frick and Mr. Carnegie together, as their personal differences are too great. Willis F. McCook, Frick's lawyer, refused to discuss to-night the report that a settlement had been effected; another lawyer employed in the case says his last information is in the negative. It is understood, however, that the conference may last several days and that the settlement will be reached. There are strong hopes that a friendly talk between the two men will result in a settlement.

"The difficulties between Mr. Frick and Carnegie are of a technical nature. Frick is a direct but apparently good source. He is a man of high character and high ability. He is a man of high character and high ability. He is a man of high character and high ability.
